PRINCIPAL'S MESSAGE

MR. JOHN SANVILLE

Welcome to the Marple Newtown High School Memories 2005 Yearbook! As you flip through these pages you will smile and laugh and think about your experiences at MNHS.

High school is an important part of your life and will always play a prominent role in your memory. Teachers, classes, friends, coaches, games, matches, and activities from these four years will be remembered with varying degrees of clarity but all will have taught you something you carry forward. You will be surprised in a few years to find out how much you *really* learned here.

Time has a funny way of making some things seem greater or lesser and when you look in this book in a few years you understand that. Hopefully you will see beyond the hairstyles and fashion and appreciate all that took place over four years. I hope you see that the teachers at MNHS worked hard to challenge your intellect. I hope you see that teamwork and cooperation result in success. I hope you see the value of earnest effort and self-discipline. I hope you see good times and lessons learned- in and out of the classroom. I hope you see that you were a valued member of the MNHS community. I hope you see that high school led to wonderful opportunities and gave you promise for the future.

By definition, yearbooks record the people and events of a school for a particular year. However, long after the year is over you will be able to revisit places and faces here from a different perspective. As you grow into adulthood and take different paths your years at MNHS will be forever captured in these pages. The inscriptions scrawled across the pages will refresh memories and once again you will relive your years at MNHS. So please take care of this book and don't relegate it to the bottom shelf of a bookcase or use it as a doorstop!

Best wishes for the future.

Aphrodite Kotrotsios

Where did the time go? How did the years go by without one noticing and suddenly here you are, a gorgeous eighteen year old that makes her parents proud with her love of life and ambition to do all she can be. We spoon-fed you and we nurtured you through your young years, and in the process we became part of these early years, as if we wished to relive and cherish those treasured memories that are ours to keep forever. But the fact is that you now are a young woman, free to lead your life, in the principles your parents have instilled in you, yet, as a young woman of values, you can choose the career and lifestyle that suits you best. As you spend time in the land of your heritage, with those you consider part of your life, never forget how your parents are and miss you. Your journey must be one filled with pleasure and joy, and when you return to your home, we know you will continue your quest for knowledge and excellence, never stopping to be the social butterfly we always call you. Love Always, Mom, Dad and sisters Stavroula and Ioanna

Joseph Monroe

Joseph, Life is a long game and we know you love competition! The one that wins the *game* is the one who lives his life well! It means taking the "High Road" - not the low road. It means having "No Regrets" - as the end comes before action. It means "No Fear" - you look to God for protection, not your friends. It means "No Enemies" - as you offer respect and dignity to others. It means "No Doubts" - you allow the Spirit to enrich you with wisdom. Learning to master these things will grace your life with peace, love and laughter. This is a winning combination and one that equals success. God Bless and Enjoy the game! We did it! We're finally graduating. These four years have been a blast. I will miss each and every one of you. Even though we're saying goodbye, there's a bittersweet feeling about it. Bitter because we are leaving our friends behind but sweet because we are starting a great new chapter in our lives. Whatever you do don't forget the friend that got you through these past four years. Keep in touch.

Love, hugs and of course
kisses

Tanya James

Time is the fourth dimension which allows for everything to happen. So I guess we have to be thankful that time has allowed us to reach the end of our high school careers, as we each prepare to take our separate paths into the future. It has been a rollercoaster ride from freshman through senior year, and now that it's all over, I find it increasingly hard to step down. Thank you to the senior class of 2005 for giving me your trust, support, and the opportunity to serve as your President. Mr. Andrews, Mrs. Baer, and Mrs. Lantz, your patience, understanding, and devotion have sincerely taught me what it means to look up to someone. With out your help all of our successes would have been failures. I can never forget my three partners in crime: Lauren, Katie, and Tanya. Thanks for tolerating me and all the work you did to make my job that much easier. You three were like Charlie's Angels and I was Charlie, except for that fact that you guys still gave me orders. Lauren, I will never forget how much you loved coming to meetings early in the morning. Your confidence, poise, and coolness under stressful circumstances are so well developed that they seem almost innate. These qualities, along with your spirited and energetic attitude showed me that every inch of your heart is always in the right place. Katie, your perseverance, resilience, and strong determination inspire everyone around you to become better people. You taught me what it means to stand up for yourself, and for that I am forever indebted to you. Tanya, what can I say? You were my right-hand woman. The go-to gal if you will. Thank you for always making sure I was on top of things. Your suave and humorous attitude made all the meetings that much more enjoyable and light hearted. To all the advisors and fellow officers, thank you for keeping me in line, making my task so gratifying, and most importantly, making senior year truly unforgettable. I know that you will all continue to make the people around you as lucky as you have made me, and I wish you all the best of luck with your future endeavors, as we end one chapter in our lives and open a new one!

Thanks for the good times.

The Class of 2005:

It's hard to believe we made it. We're graduating, how crazy is that? I would like to thank all of you for allowing me to be your vice-president this past year. Working with a class like ours has definitely been an interesting experience to say the least. From this experience I learned how to work together to accomplish even the most frustrating tasks. A special thanks to Mr. Andrews and Mrs. Baer for your time and patience, as well as your guidance. I couldn't have asked for a better pair, one to make us laugh and even dance a little, and one to keep us focused. To my fellow officers, thank you for everything. Tanya, your positive attitude made working with you an enjoyable experience. Thank you for keeping the mood light. Jon, you were great getting the chance to work with you. Thank for you always stepping up, you're a great leader and friend, and I apologize for not always being the easiest to deal with. Katie, your organization and leadership skills brought our class far and soon the world will see you in your cute little business suit. Thanks for always being there. Finally, to the Class of 2005, thank you for being "The Good Class." I hope you all appreciated your high school experience as much as I did. It's been unforgettable. Good luck to all of you in everything you do.

Lauren Angelucci

Class of 2005,

Looking back on the past four years it's hard to believe that we're finally graduating. I have been lucky enough to share my high school experience with a really cooperative and enthusiastic group of people who put a lot of time and dedication into making our time spent here at Marple Newtown memorable. Jon, you have been a great president, reliable leader, and more importantly a truly good person who really cared about getting the job done, and getting it done right. Thanks for everything. This year wouldn't have been the same without you. Tanya, no matter how stressful things got, you could always be found with a smile on your face. Thank you for being such an important part of our class and such a positive person. Lauren, I was so happy you ran for vice president this year. Having one of my closest friends to work with made things a lot of fun, not to mention you could always be counted on to get things done, and to help make sure everyone else was doing what their supposed to. Thank you for all of the time you put into our class and for always being there. Our class advisors, Mr. Andrews and Mrs. Baer, without your help and guidance our class wouldn't have had the fun and success we did these past four years. Lastly, to the Class of 2005, thank you all for being so easy to work with and making all the time, we as officers put into our class, worth while. Without all of our school spirit and cooperation our high school experience wouldn't have been so unforgettable. Good luck to you all in your future aspirations, I will miss you all.

Sincerely,

Katie Gallagher

FROM THE EDITORS. . .

As I take a step back to view the past eight months and what it has taken to create this yearbook, it's hard to believe that our goal has been reached. Stepping up as Co-Editor-in-Chief, I never fully realized the time, hard work, and dedication it would require to make the yearbook successful. There are so many dilemmas and spur-of-the-moment problems that occur while meeting a deadline, that even when you think everything is running smoothly, something is bound to come up. Taking the position Co-Editor has been the most time consuming and stressful experience I have ever been through, but through this I was able to realize the importance of deadlines, organization, and patience. We laughed, we cried, at times we were delirious, but in the end it turned out to be very worthwhile and rewarding. I would first like to thank the one person without whom I would not have been able to survive these past eight months. Katie, what can I say? We've been through it all, literally. I could always count on you to make the phone calls, work out scheduling issues and to keep me on task. Even though this has been a challenging experience, the late night deadlines were completed, and thoughts of quitting passed because we work so well together. Thanks for being an excellent Co-Editor, and more importantly a great friend. Melissa - thanks for setting up all the sports pictures and working hard until those last minute deadlines were met. The fact that you were extremely organized and flexible, gave Katie and I confidence that we could always depend on you. Lauren - thanks for all of your help on the odd jobs and being there for us in our most desperate times. You were always there to tie up the loose ends. To the Junior Editors - you were all so much help this year. Thank you so much for doing whatever we needed and getting the job done. Good luck next year. Mr. Williams - thank you so much for your encouraging words and guidance throughout this entire process. Without your support this yearbook would not have been such a great success. Mr. Bill O'Brien, without you these 200 pages would be blank. Thank you for being so patient and flexible. And to the Class of 2005 - it has been an honor to be able to capture all of the memories we've shared this past year. Good luck to all of you in whatever the future brings your way. Enjoy!

Sincerely,

Laura Sylvester

Laura Sylvester

Co-Editor-In-Chief

Taking on the responsibility of being the 2004-2005 Yearbook Co-Editor in Chief was much more than I had expected. As an underclassman, the excitement of receiving the yearbook at the end of each year was something I always looked forward to. However, I never took into mind all of the hard work and long hours it takes to make such an incredible collection of memories. Although I can honestly say it has been the hardest task I ever have taken on, it has taught me a lot about deadlines, responsibility and time management. The amount of energy and dedication put into these pages was endless, and although it drove me crazy at times, the finished product was well worth it. Laura, when we took on this project, I knew we could handle anything thrown our way, because we make such a great team. Staying up until all hours of the morning when printers broke or pictures were missing was an adventure in itself. Through this process you have been a dependable, organized and the problem solving partner, without whom I could never have been able to endure all the stress and lack of sleep that came with this job. Thank you for being such a great Co-Editor, and, more importantly, a great friend. Lauren and Melissa, without you girls, the yearbook would have never become what it is. Your willingness to help whenever you were needed and the time you both put into this yearbook was deeply appreciated and I thank you both very much. Mr. Williams, whenever something seemed to go wrong, you always found a way to make me feel better about it. Thank you for always understanding and being such a reliable and devoted advisor. I have the utmost respect and admiration for your constant positive attitude and wise words. Mr. Bill O'Brien, thank you for putting up with my endless questions and concerns. Your patience and guidance was greatly appreciated. Lastly, to the class of 2005, I give to you a piece of myself. This yearbook is very important to me because of the dedication I had to it throughout the entire year. I hope you take these memories with you as you move on to bigger and better things. Good luck in your future endeavors and I will sincerely miss you all.

Love Always,

Katie Gallagher
